OUR MEN KILLED IN TRAIN COLLISION

reight Trains Collide With Fearful Force.

TERWARDS CARS CAUGHT FIRE

act Responsibility May Never Be Known, as Men Who Could Tell Are All Dead—Strange, but the Engines Were Not Greatly Damaged.

Chattanooga, Tenn., July 10.—In a ghtful head-on collision between ight trains on the Western and At- tic road, at 2:45 o'clock Sunday rning, at King's bridge crossing, t 5 miles from Chattanooga, the gineers and the firemen of both ins met instant death.

The cause of the accident has not been ascertained, and will proba remain unknown until the road mpletes an investigation, which be n Monday.

The dead are:

W. P. Hamilton, engineer of freight ain No. 8.

R. H. Atkinson, engineer on freight ain No. 13.

Oliver A. Gentry, fireman on No. 13.

H. F. Pinson, fireman on No. 8.

In addition to the killed, four men ere slightly injured Immediately ter the accident fire broke out, which rned the body of Engineer Atkinson d also burned up one car loaded th cattle.

No. 13 was coming south toward At- nta, while the other engine was rth-bound. The two trains had ap- oached very near to the passing hen the accident occurred.

Just exactly had it happened is un- own. No. 13 was to have taken e switch, buf apparently failed to so. The air might have played t, preventing this action, but the al reason why the two engines ashed together may never be known, both engineers and both firemen e now beyond the power of earthly vestigation.

After the collision the freight cars No. 13 caught fire, and as there as no way of stopping the blaze they urned until the fire was satiated, 8 ars being consumed. In addition to hese eight freight cars on No. 13, our cafs on No. 8 were very badly damaged in the collision.

Strange to say, the engines, while n the very midst of all the smashup, was really injured less than some of he cars. The tenders of both were damaged, but the engines can be re- aired, and will see further service n the road.

Outside of the engineers and the fire- men, no one else was injured on the ars. There were brakemen on both rains, of course, but they escaped with- ut being hurt.

Just how the engineers and the fire- men met death is not certain. It was tated last night that Oliver Gentry, reman on No. 13, tried to jump from he engine, and his body was cut in alf.

The railroad officials are of the opin- n that somebody overlooked orders, nd to decide exactly who was at ault, an investigation will be held.

Elevator Employes Strike.

Chicago, July 10.—The grain eleva- or business in the suburb of South hicago, was brought to a standstill onday when 150 employes of the ele- ators went on strike demanding 35 ents per hour, from the present scale f 27½ and 32½ cents. It is not be- ieved the trouble will extend to Chi- ago proper.

All Well on Board.

Horta, Azore Islands, July 10.—The nited States cruisers Minneapolis, agship, Desmoines, Cleveland, and olorado, belonging to the third squad- n of the North Atlantic fleet, Rear dmiral Bradford commanding, have rrived here from Funchal, Maderia, uly 6, and report all well on board.

Wages Are Advanced.

Fall River, Mass., July 10.—An ad- ance of 5 per cent on the wages of otton mill employes in about 28 of he towns in Massachusetts and Rhode sland, went into effect Monday.

RAWLINGS ASKS TRIAL FOR BOYS

Dr. Broughton Tells of Visit to Cell of the Old Man.

Atlanta, July 10.—In the prelude to his regular sermon Sunday night, Dr. Broughton told the members of his congregation of the recent visit he made to the cell of J. G. Rawlings, under death sentence for the murder of the Carter children.

Some time ago the old man wrote a letter to Dr. Broughton stating that he had read his sermon in a paper and wanted to talk with him. As the Atlanta minister happened to be in Valdosta last week, he paid a visit to the cell of the condemned man and had a long talk with him.

Dr. Broughton stated that the old man acknowledged freely and frankly that he had paid Alf Moore to kill the old man, Carter, but that he had nothing to do with the death of the children, and was as surprised to hear that they had been killed as anyone else.

What the father wants, however, is a new trial for his sons. He claims that if they can secure a new trial that with the new evidence already discovered there is little doubt but that they will be saved from the rope. He claims that he alone was responsible for the murder of Carter and the Carter children, and that the boys had nothing to do with it.

"If there is the least chance that the boys are innocent, they should have a new trial,' said Broughton, "and I hope they will secure such an opportunity.

"That Valdosta jail is a disgrace to the community. I found the nicest kind of people in Valdosta, but that jail is a dirty dungeon, and it is a shame that prisoners should be confined in such a place. While I was talking to the old man I counted about half a dozen rats running around, and I was obliged to lift my feet from the floor to avoid them.

"I found the Valdosta people as a general rule perfectly willing to give the boys all the possible chance to prove their innocense. The old man believes that at the time of the murder the people were so infurlated by the crime that his boys could not get a fair trial."

Mr. Cooper, attorney for the Rawlings boys, who is in Atlanta in an effort to secure a new trial for the boys, was one of those present at the Tabernacle Sunday night when Dr. Broughton spoke of the visit to Valdosta. After the services he sought out Dr. Broughton and had a talk with him on the case, telling him of his efforts to secure a new trial.

Tragedy Caused by Girl.

Seattle, Wash., July 10.—C. Meade Emory, a lawyer, was shot and probably fatally wounded at his home by Chester Thompson, a student at the University of Washington, and a son of William H. Thompson, formerly an attorney for the Great Northern railway. Thompson, it is said, was infatuated with Miss Charlotte Whittlesey, a niece of Emory's, and Miss Whittlesey, it is alleged, requested her uncle to prevent the young man from entering the house. When Emory attempted to carry out his niece's alleged wishes, Thompson shot him, after the shooting Thompson barricaded himself in a room in the Emory house, occupied by the wounded man's two small children, and refused to surrender until his father arrived.

Fatal Draught for Murderer.

Brewton, Ala., July 10.—Fred Leslie Hancock, murderer of Professor Jesse Troutman, who figured in a sensational trial for the crime at the last term of the circuit court, committed suicide in his cell in the Escambia county jail by taking an ounce of carbolic acid. Hancock made his escape from jail May 9, and has just been recaptured in Kansas City, Mo. Sheriff Raney returned here with him last Friday. He left a note in which he said he was going where he would receive a just trial, where only the truth was told and where he would not be tried by the prejudice of the people.

Rojestvensky Verdict Later.

Cronstadt, July 10.—The verdict on the courtmartial in the trial of Admiral Rojestvensky and the officers of the torpedo boat destroyer Bedovy, who surrendered to the Japanese during the battle of Tsu Shima, will not be announced until Wednesday.

CLOUDBURST FLOODS OVER 200 HOUSES

Great Property Loss Near Town of Wellsville, Ohio.

NO LIVES WERE REPORTED LOST

Storm Water Sewers Were Overtaxed and Water Backed Over a Portion of the City to a Depth of Three Feet, Filling Cellars.

Wellsville, O., July 10.—A cloudburst in the country just back of this city, sent a torrent of water down the Queens, Athens and Trotters run that caused a loss of thousands of dollars to property owners and the city proper. Over 200 homes and business houses were flooded, and the foundations weakened so that people could not remain in the houses Sunday night.

The storm-water sewers could not carry off the water from the low lands and water backed over that part of the city to a depth of over three feet, in some sections filling cellars and first floors.

Mayor Fogo called a special meeting of the city council to provide immediate funds for the cleaning of the city. He took the situation in his own hands, and put over 100 men at work taking tons of debris from the mouth of the several storm sewers. By this hasty action many homes were saved from further loss.

It was impossible for people to leave their houses so quickly did the water rise in the low lands.

Wagons and small frame buildings were washed into the city proper from the country districts.

On Buckeye avenue the water came down the hillside in such volumes that it pushed its way through the second story window of a house. The family had to flee.

On East Liverpool damage was not so heavy.

Lightning struck the Methodist Episcopal church, but the damage was only slight.

There were several slides on the Cleveland and Pittsburg railroad between here and Steubenville, and many railroad and telegraph wires were blown down.

Steamers Collide in a Fog.

Dover, July 10.—The British steamer Langdale, Captain Kelley, from Savannah for Bremen, collided in the channel in a fog with the British steamer Fishren, of Newcastle. The Langdale took the Fishren in tow, but the British steamer Maryland, Captain Clark, from London, for Philadelphia, fouled the Fishren, which sank. The crew were saved and landed at Dover by the Langdale. The Langdale was found to have her stern damaged and her forpeak full of water but the damage was not so serious but that she was considered safe to proceed immediately.

Light Punishment for Mutineers.

Tiflis, July 10.—The military tribunal recognizing the tremendous disloyalty in the garrison here has let off with light punishment the twenty-seven mutineers who had been sentenced to be shot because they refused to fire on the populace during the disturbances of last March, sentencing thirteen of them to imprisonment for from six months to a year and acquitting the remainder.

Transport Thomas Floated.

Washington, July 10.—The war department has received word that the transport Thomas which was pulled off the rocks near Guam Saturday was not damaged and has resumed her voyage to Manila. In order to float the vessel, a part of her cargo forward was removed.

Highwayman is Captured.

Fresno, Calif., July 10.—A dispatch from Reredo announces that the lone highwayman, who held up five stages several miles from here Saturday night, has been captured. The name of the bandit or particulars could not be ascertained. The arrest was made in Wyoming.

HOUSE TO STICK TO CALENDAR.

Votes Down All Attempts to Make Special Orders.

Atlanta, July 10.—Having refreshed itself with the last vacation of the session, an adjournment from Friday the house met Monday morning with the determination to get down to legislation.

All attempts to make certain measures the special order, out of their turn on the calendar, have been uniformly voted down, the members showing a disposition to work on the calendar in the order in which bills stand on it. The committee on rules to which is referred all resolutions making bills a special order, has reported but two resolutions of that character favorably, one being the resolution of Mr. Hill, of Dooly, to make his bill appropriating money for the payment of the Mattingly bonds the special order for July 11th, which was lost, failing by one vote to receive the requisite majority, and was subsequently reconsidered and voted down. The other resolution favorably reported was that of Mr. Alexander of DeKalb, to make his bill for the extension of the Western and Atlantic railroad to the seaboard the special order for July 10. Mr. Felder, of the committee on rules, made a personal appeal to the house to vote down the resolution, and the resolution was lost.

The unfinished business of Friday, the consideration of the bill by Mr. Blackburn, of Fulton to establish a police patrol of a captain and six men in each militia district, who shall be appointed by the grand jury in each county, will come up for further consideration in the committee of the whole house. It is probable that the substitute of the committee which reported the bill will be adopted, but many doubt the passage of this measure.

Four Killed in a Wreck.

New York, July 10.—A special to the Times from Ottawa says that although few details are available, it is known that four people were killed in the railroad wreck on the Temiskaming and Northern Ontario Saturday. While a train was ascending a steep incline a coupling broke. An engine was used in front and another in the rear, while ascending the incline. When the coupling gave way, two of the rear cars struck the hind engine with little damage, but the second engine failed to gain the curve and there was another crash.

Suffering from Starvation.

New York, July 10.—John Ara, 81 years of age, is a patient at Bellevue hospital suffering from starvation. He was removed from the Municipal lodging house where he applied for lodging. Ara said he was a confederate veteran and that he came from Wilmington, N. C., six weeks ago. He said that he rode in freight cars and walked the entire distance, but when he reached here he could not find any work on acount of his weakened condition.

International Tuberculosis Congress.

New York, July 10.—An international congress on tuberculosis is to be held in this city November 14, 15 and 16. A large attendance of physicians and laymen from every state in the union has already been promised, and because of the action of the state department, which recently sent a special circular on the subject to every American representative abroad, it is expected that every European nation will send at least two delegates.

Pleads Guilty to Assault.

Oyster Bay, July 10.—J. B. Sloan Jr., chief of the president's secret service corps, pleaded guilty and was fined $10 on a charge of assault in the third degree preferred by Clarence LeGendre, a New York photographer. Sloan paid the fine. The trouble occurred at the time of the president's arrival in Oyster Bay a week ago. The trial was held in th ejustice's court, presided over by Squire Franklin.

On Church Steps Man Kills Self.

Birmingham, Ala., July 10.—Dave Simpson, secretary-treasurer of the Gregory Vinegar company, of this city, shot and instantly killed himself on the church steps of St. Mary's on the Highlands, at an early hour Sunday morning. He leaves a widow. No motive has been assigned for the deed.

9 MEN INJURED BY WILD ENGINE

Switch Engine Had No Guiding Hand.

ONE MAN WILL PROBABLY DIE

After Colliding With a Southern Railway Passenger Train Engine Dashes Wildly Into Union Depot at Memphis, Tenn.

Memphis, Tenn., July 10.—After colliding with a Southern railway passenger train at Orleans street Monday, a Southern railway switch engine with two cars attached dashed wildly without a crew three-quarters of a mile to the Union depot on Calhoun street, where it crashed into two mail cars. Nine men were injured, one seriously.

The injured:

G. W. Williams, engineer of switch engine, Memphis, seriously hurt.

C. B. Wallace, fireman, Memphis.

J. W. Curry, engineer, Tuscumbia, Ala.

George Hunter, fireman, Tuscumbia, Ala.

A. S. Cromwell mail clerk, Memphis.

T. S. Eldridge, mail clerk, Chattanooga.

R. W. Ritz mail clerk, Chattanooga, Tenn.

S. B. McManus, mail clerk, Clarksville, Tenn.

When the switch engine collided with the passenger train Engineer Williams was thrown heavily against the boiler. He and his fireman then jumped, the engineer sustaining serious injuries.

The switch engine, with no guiding hand, dashed forward at increased speed. The locomotive crossed eleven streets before arriving at the depot and the presence of mind of a yard man prevented the engine from dashing into the depot proper. The yardman threw a switch and the "wild" engine collided with two mail cars on a siding, injuring five mail clerks.

One of the mail cars was thrown through a fence and into Calhoun street by the force of the collision.

All of the injured except Williams will speedily recover.

Marshall Field's Store Closed.

Chicago, July 10.—The retail dry goods store of Marshall Field & Co. was closed to the public Monday by Building Commissioner Bartzen, because the management of the store had not complied with certain regulations to which its attention had been called by the commissioner. Mr. Simmons then called upon the mayor who said that the building commissioner had been too drastic and that he should have proceeded against the store through the courts. The store was allowed to open, and Commissioner Bartzen declared that he would take out warrants for its managers.

Seize Russian Meat.

Berlin, July 10.—A dispatch to the Taghlatt from Duisburg, Prussia, on Monday announced that the custom authorities of Duisburg that as a result of the discovery that inferior Russian meat was being smuggled across the frontier into Germany seized a consignment which proved to be the carcass of unborn calves. A witness testified that a number of large firms were regularly importing such meat.

Well Known Golf Player Dead.

Chicago, July 10.—H. J. Tweedie, one of the best known golfers in the west, died here Monday. Mr. Tweedie was one of the original founders of the Belmont Golf Club, the first organization of its kind in the west, being founded in 1893. He has always taken a lively interest in the welfare of the game and at the time of his death was president of the Belmont Golf Club.

Damage by Rain Storm.

Wichita, Kans., July 10.—As the result of a terrific rain storm here Monday, basements were flooded, gutters choked and the water stood 6 inches deep in the down town streets. Much damage was done.

PREVAILING RAINS WROUGHT DAMAGE

Farming, Mining and Manufacturing Industries Crippled.

WATER IN PHOSPHATE PITS

Said to Reach a Depth of Fifteen Feet in Some Instances, and Mining is Temporarily at a Standstill—Woods Overflowed, Preventing Work.

While the rains have been severe throughout this entire section of the State for the past few weeks, and the damage to agriculture and horticulture has been great, causing the loss of thousands of dollars, it appears that this branch of industry is not the only one which has suffered, as phosphate, sawmill and naval stores interests have been badly crippled.

Private information from Holder, Citrus county, which is a great phosphate center, bears information that the rains have been terrific and disastrous in that section, in many instances the phosphate pits containing a depth of fifteen feet of water, which ran the miners from the pits and stopped progress. This means a loss of many thousand dollars a day, in the aggregate, and the idleness of several hundred men employed in phosphate mining.

Other reports are to the effect that the woods throughout a vast area where naval stores and sawmilling interests are the principal industry, are flooded to such an extent that in many instances it has become necessary to entirely abandon operations. This also means a great financial loss.

In reference to the immediate Gainesville section, the greatest damage has been done to the melon and trucking crops, which have fallen as a rule far short of what was anticipated in a yield. The standard or staple crops, while damaged to some extent, promise to produce a fair yield, corn and sweet potatoes being especially encouraging.

The successive rains which have prevailed are said by old settlers to be as severe as they have ever seen. The woods in many sections are so overflowed that the forage for cattle is temporarily ruined, and the roads are almost impassable in some portions of the county.

A DELIGHTFUL AFFAIR.

Mr. and Mrs. Wilcox and Family Entertain Friends at a Picnic.

A party consisting of Mr. and Mrs. Bell, Mr. and Mrs. Strange, Mrs. Tillman of Boardman, and Messrs. Clower and Doke, went to Wilcox Friday forenoon in the "parlor car special" (?) running between that place and Trenton, and were met by trains sent out by Mr. Wilcox and driven to Fannin, a beautiful and picturesque spot near the banks of the old Suwannee, where a delightful picnic was held.

Mrs. Wilcox, with her charming daughter, Miss Mamie, are here from Gainesville visiting Mr. Wilcox and sons, who are in business here.

Everything had been arranged with a view to comfort. A nice tent was up for for protection from showers, but it was not needed except for Mr. Bell's graphophone, which entertained the crowd with excellent selections from popular singers and famous bands.

There were comfortable chairs and new magazines, plenty of lemonade and delicious watermelons.

About one o'clock a sumptuous dinner, which would have tempted the most fastidious, was spread and done full justice. Fresh fish steaming hot and nice coffee was prepared on the grounds.

In the afternoon delightful boat rides on the grand old river were enjoyed by all who cared to go.

The day passed so quickly and pleasantly that the sun was very low before we realized that the day was nearly gone.

The table was spread again and we had supper, and though there were not twelve baskets full taken up, as in the miracle, there was plenty left.

We came home with the happy consciousness of having attended at least one perfectly ideal picnic, thanks to Mr. and Mrs. Wilcox and their charming family. A GUEST.

Trenton, July 10.

AT ALL DRUG STORES.

STREETS ARE BAD.

Thoroughfares in Sloppiest Condition Known For Several Years.

The streets of Gainesville are in the most deplorably sloppy condition than they have been for many years, and if they do not soon receive the attention of the street committee of the City Council, may cause sickness.

North Pleasant street is no better from one end to the other than a hog-wallow, and the stench which comes from the steaming mud in the middle of a hot day is equally as offensive. There are other streets almost as bad—but not quite.

The attention of the authorities has been called to this condition of affairs several times, but nothing so far has been done, and the matter is growing more deplorable every day.

A Complimentary Party.

One of the most delightful functions of the season was an informal party given by Miss Eva Haile, in honor of Mrs. Patterson of Miami, nee Miss Jessie Barco of this city, at the home of Mrs. J. M. Haile, West Main street N., Monday afternoon.

The game of the evening was "Five Hundred." There were three tables, and the contest was pushed with an enthusiasm which was to say the least admirable, showing many fine plays. At the conclusion the prize, a handsome cut glass bonbon dish, was awarded to Mrs. Patterson.

There were a great many present, all of whom were delighted to meet their friend again.

Delicious refreshments; consisting of salads, etc., were served.

A Novel Window Display.

One of the most novel ideas in window dressing seen here in some time was originated by O. M. White, a clever salesman in the clothing store of Phifer & Morris, and has attracted considerable attention.

Mr. White conceived an idea from the well-known song, "Everybody Works But Father." Accordingly he secured two adult and two "kid" dummies, attired the male dummy in a swell suit with Panama hat, the "old lady" in a working costume, and the "kids" in overalls. Placing them side by side in the big window he tacked on the legend, "Everybody Works But Father."

This arrangement made a hit—and a good one, too.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: 'Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life.' Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

Attention, Masons.

The regular weekly meeting of Gainesville Lodge No. 41, F. & A. M., will be held at Masonic Hall this evening, beginning at 8 o'clock. There will be work in the first degree. A full attendance desired, and visiting brothers will receive a fraternal welcome.

Boarding Car Is Killed.

Macon, Ga., July 10.—Landscape Gardner J. A. Wheeler, at Crumps Park, was run down by a car on the Vineville line in the park grounds Sunday and instantly killed. Both conductor and motorman knew nothing of the victim's presence until he was already horribly mangled under the wheels. He had probably intended to board the car and lost his footing. He leaves a family. Coroner Young held an inquest, a jury finding death due to an accident, laying the blame on no one.

Royal Pair Visits Oranienbaum.

Oranienbaum, Russia, July 10.—Emperor Nicholas and the empress on board the imperial yacht Polar Star, made a short visit here Sunday inspecting the marine hospital and barracks. This was the first time their majesties had been outside the ground of the palace at Peterhoff since they went to St. Petersburg to open parliament May 10th. Oranienbaum is a seaside town opposite Cronstadt on the gulf of Finland, 19 miles west of St. Petersburg.

Confirms Lower Court.

Leipsig, Germany, July 10.—The imperial supreme court has confirmed the decisions of the lower courts in fining Father Woerner, a Catholic priest, of Constance,, Grand Duchy of Baden, $20 for threatening a voter during an electoral campaign there, with denial of the sacraments if he did not vote for the center party candidate for the reichstag.

Jealous Man Shoots Wife.

New Orleans, La., July 10.—Peter Manalo Sunday shot his wife and Adam Roux because he found the later in his house Sunday morning at an early hour. Mrs. Manalo is probably fatally injured, but Roux was only slightly wounded. Manalo, who is the keeper of a meat market, went to work in the morning and the shooting occurred after his return home.

HON. FRANK CLARK TO HAVE FINE HOME

Workmen Now Engaged in Erecting a Modern Home.

WILL COST ABOUT $6,000

The Home Will be Modern in Every Respect, and a Credit to Both Owner and City—Mr. Clark and Family to Arrive Here About July 20.

Ground has been broken for the erection of a beautiful $6,000 home for Hon. Frank Clark, member of Congress from the Second Congressional District, who will make his permanent home here with his family after the 20th inst.

This home will be located on West Liberty street, leading from the court house square to the new University buildings, and about half way between the two. Liberty street is now being considerably widened and extensively improved in many ways, principal among which is the laying of granolithic sidewalks the entire length of the throughfare, on both sides, a distance of nearly two miles. The street will also be paved, a series of grass-plots run down the center and on either side, and when completed it will make one of the handsomest driveways in the State.

The home of Mr. Clark, which was designed by an expert architect, will be one of the most modern and handsomest in Florida. It will be built with a view to comfort and convenience, and will be a credit to the city and owner alike when completed.

With such class of buildings as are contemplated, a number of which are now going up, in West Liberty street, that portion of the city is destined to become one of the most fashionable residence sections of Gainesville.

MR. SCROGGINS' CONDITION.

Man Who Fell From University Building Roof Partly Paralyzed.

Claude Scroggins, who accidentally fell from the roof of one of the dormitory buildings of the University of Florida while engaged in putting on the tiling, is suffering a great deal from his injuries, which are considered quite serious. The victim has become partially paralyzed and is otherwise in bad condition.

Mr. Scroggins is at the National Odd Fellows' Sanitarium, where he is receiving the best possible attention.

THE S. J. THOMAS CO.

The Teachers' Examinations Will be Held in the Afternoons.

The Sun contained a notice Tuesday to the effect that the State Normal terms would necessarily be shortened a few days on account of the date set for the beginning of the examination for State, special and primary certificates, beginning on July 17.

With this arrangement the terms would have been cut short three days; but Prof. P. W. Corr, a member of the faculty of the State Normal in Gainesville, brought to The Sun office a letter from Hon. W. M. Holloway, State Superintendent, which explains itself. The letter is as follows:

"I had given this examination such publicity before the receipt of your letter and the petition to which you refer that it will be quite impossible for me to now recall the announcement. However, I shall be pleased to make this arrangement: I shall begin the examination each day at 2 p. m. and take as many as two subjects each afternoon. I think this plan ought to be satisfactory, because I suppose that the school closes not later than 1 p. m. Yours very truly,

"WM. M. HOLLOWAY,

ALACHUA'S BIG REVIVAL.

Baptist Meeting Comes to a Close, After Two Weeks' Session.

The revival at the Baptist church in Alachua, which has been conducted under direction of the paster, Rev. W. C. Foster, for the past two weeks, closed on Sunday night, after a most successful session, a number of accessions to the church having been made by letters and otherwise.

On Monday morning there was a baptism on Barnett's lake, near Alachua, at which more than twenty new members of the church were immersed. It was a glorious time, and an occasion which will long be remembered by those who were there.

SHERIFF WILSON OF CLAY COUNTY KILLED

Met Death at Hands of a Negro Whom He Tried to Arrest.

DEPUTY KILLED THE NEGRO

Sheriff Fennell Wires the News From Palatka, But Gives No Particulars of the Tragedy—Sad Ending of a Prominant Official.

Palatka, Fla., July 10.—Sheriff Wilson of Clay county, while attempting to arrest a desperate negro in that county today, was shot and instantly killed by the negro, who was well armed. The negro made a desperate attempt to escape, but was pursued. After running a short distance, being chased by Sheriff Wilson and a deputy, the negro turned and fired, with fatal results.

The deputy, quick to realize the gravity of the situation, raised his gun and shot, killing the negro, just as the latter had levelled his gun at him. He would have received the contents of the negro's gun in another instant.

That latest move in the courts on the part of the Lake City contingent has not aroused sufficient interest over the State to lead to even a casual discussion from the State press.

If County Solictor Bryan will have the alleged ice trust of Jacksonville locked up for three days of this hot weather without ice, we venture that there will be no trouble in proving that ice is a necessity.

"How would you like to be the ice man," is not the popular song. The way they are after that individual during this hot weather shows an awful lack of disrespect, to say the least, for the fellow who is cornering the cooling process.

The New Orleans Lumber Trade Journal has made the discovery that Governor Broward purchased several hundred dollars worth of lumber from a firm in Chicago. The Governor of a lumber State appears to have gone far from home to have made a purchase of that character.

The Jacksonville Development Company is branching out. It recently sold sixty of the town lots at Dowling Park in one day, and is disposing of a great many acres of farming lands in that part of Florida. The work of development is what is wanted in this State and a few more Jacksonville Development companies would not be amiss.

The Titusville Advocate never made a more truthful statement than when it says: "Florida has many attractions, but the crown and pearl of them all is her incomparable climate. So genial and balmy is it, that in winter as well as in summer, even invalids can live an outdoor life, breathe the pure bracing air, and have the health of their youth renewed. The climate of Florida is unlike that of any other State in the Union. Not only is it delightful in winter, but in summer as well, as the sea-breezes sweep the entire State in all seasons."

NOT THE PLACE FOR SYMPATHY.

The efforts of the defense in the case of Harry Thaw, the slayer of Stanford White, have been directed in the interest of arousing sympathy for the man who is now awaiting trial in the toombs at New York. This has been the line of defense in all of the noted murder trials in the metropolis of the country for years, or at least it has been a great factor. It was the sympathy of the public for several defendants that resulted finally in their acquittal or their liberation after several mistrials. It has been a lucky dodge and may not in this case be without effect.

But there are reasons for believing that it will be a difficult matter to work up sympathy for Harry Thaw. That kind of general and lasting sympathy which is necessary to have the desired effect is not to be purchased with the millions that this young fellow has at his command. His general character, his past life and his last crowning act are not calculated to win the character of applause that Thaw's atterneys are after. His treatment of a mother who idolized her son, his shameful conduct both at Pittsburg and New York, and the general character of the man is all against his attorneys in his fight for his life. Harry Thaw and men of his class are not deserving of sympathy. It would have been different had he and the woman who he married at Pittsburg after having introduced her as his wife in all of the capitals of Europe, been living the life of morality and conducting themselves so as not to bring upon them the condemnation of those who knew them or with whom they were thrown in contact. Made bold by his great wealth Harry Thaw stooped at nothing, and he appears to have had a good mate in this character of a life in the woman he called his wife.

And on the other hand there are few who will pause to shed a tear because of the violent death of Stanford White. Men of his ilk are generally soon forgotten. There is but one for whom sympathy is extended. She is the injured and modest wife of the one whose death was the direct result and the penalty for his infidelity.

If the law does not miscarry then two disreputable enemies of society and all that is good and pure in this world will have been removed.

Hon. John S Beard, the next Senator from Escambia county, and Governor Broward, have agreed upon a joint debate of the drainage question, the discussion to take place in Pensacola at a date to be fixed for some time in the future. If the Gainesville Board of Trade could get these two gentlemen to meet here in a similar discussion, and give a grand barbecue on the day agreed upon, it would be a big drawing card. Our people would also like to hear the question of the State engaging in life insurance discussed by the Governor and some one opposed to the measure. These will be two of the most important questions to come before the next Legislature.

Hon. A. M. C. Russell, who is superintendent of schools for Hernando county as well as the editor of The Brooksville Argus, says in his paper: "State Supt Holloway, in insisting upon State certificates for principals of high schools, is forcing a higher standard of scholarship and efficiency upon the State. The schools will be greatly improved by this course."

The plea of one or two Florida newspapers that under the present lease system convicts come in competition with free labor, has no foundation in fact. There is not a man in the entire State who cannot at this moment find profitable employment, but on the contrary employers have to import labor in order to carry on the various enterprises now under way.

GOOD ADVICE.

The following from The Florida Standard, a weekly paper published at Jacksonville by colored men, is wholesome advice which the negro race would do well to heed:

"We are already beginning to witness the results of the increased efforts on the part of the Southern States to turn the tide of foreign immigration to this section. This city is being thronged with Italians fresh from Italy, and most of them are ignorant of everything which goes to make up this Republic and totally unfit for citizenship. They own no property, pay no taxes, contribute nothing towards the protection and development of this city, but take much from it in the way of work which the people of Florida ought to be doing. These people have come here to work on the streets and to take from the negro the jobs which are rightly his, and yet the masses of colored laborers are unconcerned about the matter. Every foreigner who comes here to work means the supplanting of an American citizen—and in most cases the supplanting of a negro American citizen—and the taking from him of the work needed by him to feed and clothe himself and family. If the negro will not work the Italian will. If the negro wants food and clothing and shelter, he must work, and if he wants more than these (as he should) then he must be industrious, reliable and frugal. No Southern white man will supplant an intelligent, trustworthy, industrious and honest negro with an ignorant and un-American Italian. Then, the way to keep the foreign immigrants out of Jacksonville and the South generally is for every negro to make up his mind to become such a workman as will please and profit his employer."

The Live Oak Democrat is after the fellows who are crying down the town and making the statement that Live Oak has reached the limit. If The Live Oak Democrat will agree to build a hotel there and have it ready for us when we make our next visit to the place, we will join her in running the scolders out of the State. Spruce up.

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

John Cornell, a young colored boy at Key West, who was sent to jail several months ago, and who escaped, was landed behind the bars again this week. He, however, put up a fight and almost bit a finger off of one of his captors.

From reports received by the Commissioner of Agriculture from the cotton growing counties of the State, the condition of the cotton crop for 1906 is shown to be slightly below the usual average. The cotton is entirely free from the boll weevil, and so far the crop is free from rust.

The Key West Guards are drilling several times a week preparatory for the Tampa encampment, August 6. Last Thursday the entire company, headed by the Light Guard Band, went to Jackson Square, where they had guard mount. Saturday night the company went into encampment on the county road until Sunday night.

At the last meeting of the board of aldermen of Key West a proposition was received and accepted from Barrow, Wade, Guthrie & Co., to audit the city accounts for the sum of $1,000 cash or $1,500 in scrip. It will be remembered that some time ago the mayor refused to sign any more city scrip until the books were audited and he could tell how the city funds stood. From the proposition as stated above the city scrip must be very low.

Little Hazel Andrews, daughter of Mr. and Mrs. J. D. Andrews of St. Augustine, narrowly escaped a watery grave Monday afternoon. The child with other children had been playing about the end of Carbett's dock, jumping on and off a boat which was tied up there. In some way the child lost her balance and fell between the dock and boat into deep water. H. B. Dell who happened near saw the accident and jumping into the river soon had the child above water and lifted her to the dock.

The marksmen will soon get in readiness for the State rifle competition which will be held in St. Augustine, beginning August 26. The range has been greatly improved since last year. Before the shoot is held the ground on either side of the range will be cleared off to make a suitable camp ground. The occasion will bring together all the best shots of the State. The officers of the State militia will hold their convention there at the same time that the rifle competitions are in progress. There will be some military airs about St. Augustine for a while.

Dade county has set the pace for road building. Now the county has two large steam rollers and other appliances for building roads. The county commissioners use every effort to encourage the citizens to construct rock roads through the "back country," by sending the roller to crush the rock after it is laid, without expense to the builders. This has encouraged the farmers and property holders, and many miles of rock road have been constructed, original roads have been widened, and general repairs have taken place. The Dade county farmer is a progressive man; give him half a chance and he will have a rock road, leading from the main highway to his very door. The Dade county farmer does not talk much, but he does things. If he wants a rock road, he builds it and the county crushes it for him without cost.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

Report is Denied.

Indianapolis, Ind., July 10.—The report of the engagement between Miss Lucy Taggart, daughter of Thomas Taggart, chairman of the Democratic national committee, and George Ade, the playright, is authoritatively denied.

A Hard Lot

Of troubles to contend with spring from a torpid liver and blockaded bowels, unless you awaken them to their proper action with Dr. King's New Life Pills, the pleasantest and most effective cure for constipation. They prevent appendicitis and tone up the system. 25c at all drug stores.

REGULARS FACE LONG TRAMP.

Seventeeth Will March Through Atlanta Enroute to Chickamauga.

Atlanta, July 10.—In the event that the shipment of 60 supply mules arrive from Kansas City, the Seventeenth will start their long journey on foot, early Wednesday morning from Fort McPherson to Chickamauga park, to participate in the army maneuvers soon to be in progress at that park.

Provided the regiment is able to make an early start Wednesday morning, it is the intention of Colonel Van Orsdale to have the regiment march through Atlanta on Whitehall and Peachtree streets, presenting a spectacular sight with the regimental band in the lead, and the men following in heavy marching order.

The regiment will proceed by the Peachtree road to Marietta, thence to Cartersville, Adairsville, Calhoun, Dalton, Ringold, Chickamauga in the order named.

A side trip out from Cartersville of a couple of days and a similar trip out from Calhoun, will make up features of the trip.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Endorse W. J. Bryan.

Baton Rouge, La., July 9—The Louisiana house of representatives in regular session has adopted a resolution recommending the endorsement of W. J. Bryan by the Democrats of this state.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

$100,000 Fire Loss.

Cincinnati, July 10—Fire in the carpet and drapery store of the J. F. Otte company, started in the top floor Monday and caused a loss estimated at $100,000, mostly from water.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

KILLED MAN TO DEFEND HONOR

Assaulted by Forest Howard, Mrs. Tracey Shot Him.

Richard, Vt., July 10.—Eva Beard Tracey, wife of Edward Tracey, of Glen Farnham, a village over the Quebec boundary line, is in jail at Cowasville, Quebec, on a charge of murdering Forest Howard. The Traceys formerly lived in Richford, and were married here five years ago.

Howard was shot and killed at Mrs. Tracey's home last Tuesday, but the coroner's jury which heard the evidence in the case returned a verdict that Mrs. Tracey acted in self-defense.

After considering the case for several days, Earnest Howard, brother of the victim, had a warrant sworn out for the arrest of Mrs. Tracey on the charge of killing his brother. Mrs. Tracey is 26 years of age. She admits killing Forest Howard, but maintains that she was criminally assaulted in the absence of her husband and was obliged to shoot her assailant.

Cry of Fire Caused a Panic.

Atlantic City, N. J., July 10.—A slight fire in a moving picture machine in the theater on Young's pier, here, started a panic among the several hundred persons who were in the auditorium, and a number of persons were injured in the rush for exits. Those who were injured disappeared in the crowd on the board walk. Assistant Stage Manager Freund, of the Pier theater, was slightly hurt. When the moving picture machine took fire there was a puff of smoke and then darkness. Some one cried "Fire!" and a rush was made for the doors. Women were knocked down, and children were separated from threir parents, but all escaped without serious injury.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." W. McCollum & Co.

Shot Man Down to Save Carload.

Charlotte, N. C., July 10—After midnight Sunday morning, on a return excursion train between Wilmington and Stedman, a man named Elliston, from Autryville, N. C., rising in a crowded coach and showing himself heavily armed, announced his intention of killing everybody in the car. A passenger named Bledsoe, a citizen of Stedman, fired at Elliston, striking him in the forehead, and killing him instantly. A loaded revolver was found in each of Elliston's hands and between his legs a jug of whisky. Bledsoe surrendered himself to the authorities.

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. F——, Ft. Worth, Texas, writes: "Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine." Sold by W. M Johnson.

Big Contract for Ties.

San Francisco, July 10.—E. H. Harriman has become a large buyer of railroad ties in Japan and is having them delivered at Guaymas, Mexico for 56 cents gold each. A contract for 1,500,000 ties has been let and one ship load of 81,000 ties has already been delivered. Mr. Harriman and his New York associates are building 700 miles of road in the states of Sonora and Sinaloa to connect with the Southern Pacific on the Southern border of Arizona.

Mob After Negro Who Killed Wife.

Indianapolis, Ind., July 10.—Aaron Morton, a negro, shot and killed his wife on a crowded downtown street Sunday night and was pursued several blocks by a mob of 1,000 people bent on lynching him. Morton succeeded in reaching fire station No. 1, where he was taken in by the firemen and his pursuers foiled. Just as they were preparing for an assault on the building a detail of police rescued the negro and he was taken to the city jail. During the pursuit a member of the mob fired at the murderer and another started after him with a knife.

Fail to Pay Dividend.

San Francisco, July 10—The Oceanic Steamship company has failed to pay the semi-annual dividend of 2½ per cent and the bondholders are now looking to legal action to close their mortgage on the property, which consists of five steamers. Three of these vessels are in the Australian trade, one runs to LaHita and the fifth between here and Honolulu. The firm of J. D. Spreckels & Bros.' company is the chief creditor, having advanced about $2,000,000 to the company to meet its annual deficits.
